

# How ICU Students find themselves after finishing their first year.

※1

## 2023

I am participating in discussions or debates during class.

100% ※2

I am giving presentations in class.

98.7% ※2

I am using ideas or concepts that I learned in other courses to complete assignments.

96.7% ※2

I am participating in class actively, not passively.

98.2% ※2

My ability to think critically and analytically improved.

96.2% ※2

I gained a greater understanding of my sense of ethics and values and developed as a person.

96.2% ※2

My ability to accept and understand people from different backgrounds improved.

96.9% ※2

AY2023 students had more significant※3 and positive self-assessments than AY2022 students in 3 items which asked "the outcomes of educational activities"

Pick Up

**1** My ability to ask my instructor questions about something that was covered in class.

**2** I acquired the ability to write clearly and effectively.

**3** My ability to analyze quantitative problems improved.

※1 This is based on the result of "ICU First Year Survey" performed in March / July 2023. (Number of responses:449, Response Rate:72.0%)  
 ※2 It shows the percentage of "Yes I have" and "Yes".  
 ※3 This is based on the result of the Mann-Whitney U test (a significant level of 0.05) after classifying the respondents into AY2022 students and AY2023 students.
