96.3%

※2

Pick Up

ELA students had more significant^{※3} and positive self-assessments for 2 years in a row in 3 items which asked "the outcomes of educational activities"

1 I acquired the ability to write clearly and effectively.

2 I acquired the ability to speak clearly and effectively.

3 My ability to think critically and analytically improved.

※1 This is based on the result of "ICU First Year Survey" performed in March / July 2022.
 ※2 It shows the percentage of "Yes I have" and "Yes".
 ※3 This is based on the result of the Mann-Whitney U test (a significant level of 0.05) after classifying the respondents into ELA students and JLP students.
